

ARCHBOLD WILLED HIS ALL TO FAMILY

INTERBORG CARRIES 1,471,611.

Sabre's Biggest Traffic Day in History Was Last Saturday.

More persons used the subway last Saturday than ever before, according to detailed office returns compiled by the Interborough Rapid Transit Company. On that day 1,471,611 passengers were carried, nearly 1,000 more than the daily average. In November, 1915, following Friday's snowstorm, together with the heavy Christmas shopping season, the elevated roads carried 1,382,000 passengers, making the total carried on subways last a record figure also.

Interborough officials have estimated during all the time possible on the subway in an effort to meet the demands.

Express trains are running with ten cars instead of the normal eight cars of non-rush hours, while local trains are operating at the maximum.

Brief Document Gives Her One-third the Residence and Children the Remainder.

PUBLISHERS PLAN TO FINANCE MILLS

Federal Trade Commission Sends Out Inquiries on the Paper Supply.

WASHINGTON, Dec. 18.—The Federal Trade Commission, in conference to-day with committees of newspaper publishers, paper manufacturers and jobbers, in an effort to work out a plan for relieving the news paper situation, addressed inquiries to all the interests concerned throughout the country to ascertain if actual news print shortage exists.

John D. Archbold receives the family home at Thermo, and one-third of the remainder of the estate. The other two-thirds are divided equally among the two daughters, Mrs. Michael M. Van Beuren of New York, and Mrs. Arthur D. Saunderson of London, England, and the son, John F. Archbold, who lives at Thomasville, Ga. The four legatees are named as executors without bond.

The will was signed on March 18, 1902, and witnessed by Fred Nisius, Jr., and D. J. Devine, both clerks in Mr. Archbold's office at 24 Broadway. Mr. Nisius is dead. Mr. Devine went to the Surrogate's office yesterday with Martin Clegg, solicitor-general of the Standard Oil Company of New York, who filed the document.

Followed Spirit of Law.

It was pointed out that the execution of the will happened before Mr. Archbold distributed his property evenly as the State would have distributed it if he had left no will. The simplicity and directness of the will was made by a friend of Mr. Archbold to be keeping with the character and habits of the late Standard Oil president.

Some publishers have placed the value of the estate as high as \$100,000,000, but yesterday's estimate was made by one of Mr. Archbold's closest associates. He thought the final settlement would be between \$70,000,000 and \$80,000,000. A conservative estimate could not be obtained before the middle of January.

John D. Archbold's private papers have yet been examined, and his son, who is in New York, is going to Georgia for the holidays.

Plans of the publishers for financing paper mills to help take care of newspaper needs, it was said to-day, are taking rapid shape. Some publishers are of the opinion that the only way to help the situation is to have their paper companies take over the mills. The whole question of the Department's attitude toward inventors is likely to receive attention.

\$1,100,000 IN FIFTH AVENUE LEASES

Columbia Graphophone Co. Takes Big Store and Yonman & Co. a Building.

CALLED "SHOW WINDOW"

Many Good Leases Reported From Many Sections—Big Deal for 7th Ave. Corner.

The Murray Hill Building may be removed soon. It has been said for some time that the hotel would be removed, but it was learned yesterday that the Murray Hill Building Company, which is controlled by Benjamin L. M. Bates, proprietor of the hotel, is taking bills on the construction of a thirty-five story steel office building at this point. Plans for this improvement were filed on July 14 last, two days prior to the passing of the height and zoning regulation by Charles Ewing and J. R. Allen, architects. The cost was estimated at \$470,000. Carver & Blaeding are managing architects.

BROADWAY SITE FOR GARAGE

The plot situated on the east side of Broadway, 45 feet north of 54th street, has been leased for twenty-one years by Theodore King and Morris Jacobs from Anna W. Smith. It will be improved with a one-story garage, to cost about \$10,000. The aggregate rental for the term will be over \$150,000.

NEW BROAD ST. RESTAURANT

The entire ground floor and basement of a twenty-story office building at 14 Broad street, containing approximately 15,000 square feet, has been leased to the Bell Catering Company for a high grade restaurant. Shape & Brewster, architects, have been retained to draw plans for alterations. The property was taken over by the New York Life insurance company about eighteen months ago.

DOWNTOWN SPACE IN DEMAND

The Charles F. Nease Company has leased a room at 14 Madison Place, 14th and Madison Place, for the Palace Building at 11 and 14 Madison Place, the Arrow Burton Company, lessees of the Market and Fulton Flats Building to W. A. Anderson & Co., and space on the seventh floor of the Masonic Building, Twenty-third street and Sixth Avenue.
